**FY17 Total ARS Award Amount**

$263,758

---

* MGMT – FHB Management
  FST – Food Safety & Toxicology
  GDER – Gene Discovery & Engineering Resistance
  PBG – Pathogen Biology & Genetics
  EC-HQ – Executive Committee-Headquarters
  BAR-CP – Barley Coordinated Project
  DUR-CP – Durum Coordinated Project
  HWW-CP – Hard Winter Wheat Coordinated Project
  VDHR – Variety Development & Uniform Nurseries – Sub categories are below:
  SPR – Spring Wheat Region
  NWW – Northern Soft Winter Wheat Region
  SWW – Southern Soft Red Winter Wheat Region

---

Principal Investigator: [Signature]

Date: 7/31/18
FY17 Final Performance Report
PI: Van Sanford, David
USDA-ARS Agreement #: 59-0206-6-001
Reporting Period: 4/11/17 - 4/10/18

1. **What are the major goals and objectives of the project?**

The main goal of this project is the operation of the headquarters (Networking & Facilitation Office (NFO)) for the U.S. Wheat & Barley Scab Initiative.

This project is directly associated with the following FY17 Project:

<table>
<thead>
<tr>
<th>Project Title – Project ID</th>
<th>Principal Investigator</th>
<th>ARS ID/Institution</th>
</tr>
</thead>
<tbody>
<tr>
<td>U.S. Wheat &amp; Barley Scab Initiative’s Networking and Facilitation Office, and Website.- FY16-VA-001</td>
<td>Kells, James</td>
<td>59-0206-4-001/Michigan State University</td>
</tr>
</tbody>
</table>

2. **What was accomplished under these goals?** *Address items 1-4) below for each goal or objective.*

1) major activities

- **Hosted the 2017 National Fusarium Head Blight Forum:** the NFO working with the Forum Organizing Committee facilitated the USWBSI’s annual scientific Forum, which was held in St. Louis, Missouri. Around 195 scientists (including research associates, research technicians and graduate students), growers, and industry representatives from across the nation and around the world, as well as area leaders of the U.S. wheat and barley industry, attended the 2017 National FHB Forum. Research results and findings were presented to the forum participants in the form of invited talks (15), Flash & Dash presentations (10) and poster presentations (56) accompanied by abstracts or papers published in the Forum proceedings. One morning was devoted to group discussions designed around the USWBSI’s five research areas and three commodity-based coordinated projects. The annual Forum is the primary mechanism whereby USWBSI scientists and stakeholders come together to discuss both the progress being made, as well as problems that interfere, with the successful combat against this devastating disease.

- **Development of the USWBSI’s FY18 Research Plan and Budget, which was not approved by USDA-ARS until June, 2018:** One-hundred and thirty-nine (139) research projects across five (5) research areas (FHB Management, Food Safety & Toxicology, Gene Discovery and Engineering Resistance, and Variety Development and Host Resistance (primarily organized around three regional FHB nurseries)), three commodity-based coordinated projects (Barley, Durum, and Hard Winter Wheat), and the USWBSI Headquarters (Office and Website), were **recommended for funding** in the amount of $6,233,330 to continue the fight against FHB.
Resource Management/Accountability Center:

a. Scripts with database functions were rewritten to make them compliant with current security standards.
b. Scripts and forms used by the community were updated to show consistent site header and footers. They were also edited to incorporate a new styling technique that it more compatible the Drupal content management system.
c. A new database was created to hold system variables used by various scripts, app, and forms.

2) specific objectives

i. Maintain and enhance the Resource Management/Accountability Center;
ii. Facilitate and enhance communication within the Initiative and with its stakeholders;
iii. Administer the process of developing the Initiative’s annual recommended research plan and budget; and
iv. Manage and implement all meetings and conferences.

3) significant results

Not applicable to this project.

4) key outcomes or other achievements

Objective i.
- The site branding changes create a stronger sense of community and reinforce the USWBSI brand.
- Changes to the scripts and the new database all increase the site's security, ease administration and maintenance, and future-proof the code for upcoming programming language updates.

Objectives ii-iv. In addition to hosting the 2017 National Fusarium Head Blight Forum, see Table 1 for a summary of committee meetings, conference calls, research-based workshops and committee nominations.
### Table 1. Summary of Meetings, Conference Calls and Workshops/Planning meetings facilitated or supported by the Networking & Facilitation Office (NFO) during FY17.

*(Form – FPR17)*
3. **What opportunities for training and professional development has the project provided?**

Undergraduate students are hired to work in the Headquarters branch office at Michigan State University assisting with processing of submitting proposals, organization of the annual forum, and maintain the projects/grants web-based database.

Flash & Dash Presentations/Poster Sessions, 2017 National FHB Forum - Flash & Dash (F&D) Presentations are for graduate students, post-docs and early career professionals. Presenters give a short (5 minute) 'flash and dash' presentation of the work highlighted in their poster prior to their designated poster sessions. This exercise is expected to increase the visibility of their research, and attract interest to their poster during the poster session.

4. **How have the results been disseminated to communities of interest?**

Information is disseminated through the USWBSI’s listservs, website, emails, blogs, press releases and newsletters.
Training of Next Generation Scientists

Instructions: Please answer the following questions as it pertains to the FY17 award period. The term “support” below includes any level of benefit to the student, ranging from full stipend plus tuition to the situation where the student’s stipend was paid from other funds, but who learned how to rate scab in a misted nursery paid for by the USWBSI, and anything in between.

1. Did any graduate students in your research program supported by funding from your USWBSI grant earn their MS degree during the FY17 award period? N/A
   If yes, how many?

2. Did any graduate students in your research program supported by funding from your USWBSI grant earn their Ph.D. degree during the FY17 award period? N/A
   If yes, how many?

3. Have any post docs who worked for you during the FY17 award period and were supported by funding from your USWBSI grant taken faculty positions with universities? N/A
   If yes, how many?

4. Have any post docs who worked for you during the FY17 award period and were supported by funding from your USWBSI grant gone on to take positions with private ag-related companies or federal agencies? N/A
   If yes, how many?

N/A – Not Applicable to this project
**Release of Germplasm/Cultivars**

**Instructions:** In the table below, list all germplasm and/or cultivars released with full or partial support through the USWBSI during the FY17 award period. All columns must be completed for each listed germplasm/cultivar. Use the key below the table for Grain Class abbreviations. *Leave blank if you have nothing to report or if your grant did NOT include any VDHR-related projects.*

N/A – Not Applicable to this project

<table>
<thead>
<tr>

</table>

Add rows if needed.

**NOTE:** List the associated release notice or publication under the appropriate sub-section in the ‘Publications’ section of the FPR.

**Abbreviations for Grain Classes**
- Barley - BAR
- Durum - DUR
- Hard Red Winter - HRW
- Hard White Winter - HWW
- Hard Red Spring - HRS
- Soft Red Winter - SRW
- Soft White Winter - SWW

(Form – FPR17)
Publications, Conference Papers, and Presentations

Instructions: Refer to the FY17-FPR_Instructions for detailed instructions for listing publications/presentations about your work that resulted from all of the projects included in the FY17 grant. Only include citations for publications submitted or presentations given during your award period (4/11/17 - 4/10/18). If you did not have any publications or presentations, state ‘Nothing to Report’ directly above the Journal publications section.

NOTE: Directly below each reference/citation, you must indicate the Status (i.e. published, submitted, etc.) and whether acknowledgement of Federal support was indicated in publication/presentation.

Journal publications.

Books or other non-periodical, one-time publications.

Other publications, conference papers and presentations.

Presentations:

Status: Oral Presentation Given
Acknowledgement of Federal Support: No

Forum Proceedings:

Status: Published
Acknowledgement of Federal Support: Not applicable for this publication

Newsletters:

Status: Published
Acknowledgement of Federal Support: Not applicable for this publications

On-line Articles

Status: Published
Acknowledgement of Federal Support: Not applicable for this publication

NOTE: All Newsletters, On-Line Articles and Press Releases are available in PDF format on the USWBSI’s Website: https://scabusa.org.
